

To: Washington Northern Idaho Region
 From: A Month of Caring & Sharing-The Journey Continues Committee
 Re: Final Report & Accounting
 Date: 14 May 2021

Greetings: Another exciting and fulfilling adventure. Thank you for the opportunity to care & share with others the NA Way. The motion to sponsor A Month of Caring & Sharing-The Journey Continues Committee was grounded in a five (5) part mission.

- 1-to share our recovery celebration;
- 2-to raise financial support for NAWS;
- 3-to build relationships; to raise awareness of how to access accurate NA information;
- 4-to expand the discussion of member support of NA service and moving from a literature and product sales support base to individual contributions;
- 5-to increase the number of recurring contributions by members worldwide.

The committee consisted of eight core members (deliberative body). The core committee met weekly beginning 01/17/21 for fifteen (15) pre-event meetings and one post-event meeting 05/02/21.

We have left the website up and converted the donation button to link directly with NAWS.

We experienced many blessings and many lessons (at least one of each per hour). The committee was dedicated, cooperative, unified, courteous, accommodating, spirited, and remarkably unified. We stepped in line together, became finely tuned together, precisely refined our timing until the melody and harmonies created a spiritual symphony supporting one another and our mission. There were very few complaints, there were a noteworthy number of supportive acknowledgements, and there was an unmistakable *together we can* do anything attitude. This is the final report – the committee has completed and concluded.

Total Event Contributions: **\$56,081.18** Directly Contributed to NAWS (includes recurring monthly)
 Daily Average Funds Generated \$1869.00
 New recurring contributions monthly total \$1,254.93 (67 new or \$15,000 annually)

We thank the service bodies and members for support and acknowledge the following:
